exam, January 14, 2022

1/14/22

- ☐ Integration Test
- ☐ Software installation test
- ☐ Unit Test
- ☒ User Acceptance Test ✓

13. Which of the following are project phases in a waterfall approach, and with which goal? *
(4/4 Points)

- ☐ User Acceptance test, to design the Business Blueprint Document
- ☐ Integration Test, for Business Users to validate the solution
- ☒ Requirements Analysis, to design the Business Blueprint Document ✓

exam, April 11, 2022 15:00

https://forms.office.com/Pages/ResponsePage.aspx?id=K

- ☒ User Acceptance test, for Business Users to validate the solution ✓

8. Which of the following are project phases in a waterfall approach, and with which goal? *
(4 punti)

- ☐ Requirements Analysis, to design the Business Blueprint Document ✓
- ☐ Integration test, to design the Business Blueprint Document
- ☐ Unit Test, for Business Users to validate the solution
- ☐ User Acceptance test, for Business Users to validate the solution ✓

8. Which of the following are project phases in a waterfall approach, and with which goal? *
(4/4 Points)

- ☒ Requirements Analysis, to design the Business Blueprint Document ✓
- ☐ Integration test, to design the Business Blueprint Document
- ☐ Unit Test, for Business Users to validate the solution
- ☒ User Acceptance test, for Business Users to validate the solution ✓

```
### Which of the following test procedures is performed with business users?

- [ ] Software installation test
- [ ] Unit Test
- [x] User Acceptance Test
- [ ] Integration Test
- [ ] Requirements analysis test
---

### Which of the following statement(s) are true, when choosing between agile and waterfall methodology for project management?

- [x] With low complexity and low uncertainty, both methods can lead to a good result.
- [ ] With low complexity and high uncertainty, waterfall is a better choice.
- [x] With low complexity and high uncertainty, agile is a better choice.
- [ ] With low complexity and low uncertainty, both methods can lead to a good result, but waterfall is better to manage change requests during the project.
---

### Which of the following are project phases in a waterfall approach, and with which goal?

- [x] RequirementsAnalysis,todesigntheBusinessBlueprintDocument
- [ ] Integration test, to design the Business Blueprint Document
- [ ] Unit Test, for Business Users to validate the solution
- [x] User Acceptance test,for Business Users to validate the solution
---
